

2.25 Gyr

3 kpc

The image consists of two vertically stacked panels. The left panel is a blue-toned astronomical image showing a galaxy with a bright central region and a smaller, darker spot nearby. The right panel is an orange-toned astronomical image of the same galaxy, showing a similar structure. A scale bar labeled '3 kpc' is located at the bottom left of the left panel. The text '2.25 Gyr' is located at the top right of the right panel.
